**** IMPORTANT!! PLEASE READ ****

We must have an import permit for your order if your country requires it. If you cannot include the import permit with your order, it must arrive two weeks prior to the shipping date. **We cannot ship your order without one.** If your country requires barerooting and you do not wish to have your plants barerooted, you must send an official letter from your Dept. of Agri-culture waiving this requirement. The United States Dept. of Agriculture will not authorize shipment otherwise. Canadians must contact the Canadian Dept. of Agriculture to pay for import permit and inspection fees before shipment. Canadian shipments cannot leave customs until payment is made. If you have any questions, please e-mail/write, call, or fax our office.
