FEBRUARY 1, 2012 SEED LIST

Attached is the RSBG 2012 offering of *Rhododendron* species seed. The seed offered on this list was produced in 2008, 2009, 2010 and 2011 at the Rhododendron Species Botanical Garden from verified true clones. We may have some species of seed collected in the wild from species native to the western USA. We welcome any suggestions for seed offerings in the future and send us your want list and we will try and pollinate the species you request.

- There are approximately 30 to 40 seeds per packet
- Seed is \$5.00 per packet for members, \$7.50 for non-members.
- Orders will be allocated beginning on January 6, 2012, for members, January 20th for non members.
- An information sheet will be included with each order.
- Postage cost is \$2.00 per order in the USA, or more, if postage is over \$2.00. Washington State residents must include sales tax for the total amount using their local sales tax rate.
